Kindermusik Cuddle & Bounce: for babies (0 – 12 months)

Kindermusik Cuddle & Bounce provides a delightful environment unlike any other. Through a unique blend of multi-sensory activities that include creative movement, vocal play, object and instrument exploration, and a colourful literature component, your little one's growth and development are stimulated and all senses engaged. Cuddle & Bounce celebrates the amazing journey of a baby's first year of life, focusing on:

- **Language and Vocal Development** – Your baby's early language skills are nurtured as they imitate sounds, engage in lots of give-and-take conversations, and add to communicative abilities through sign language.
- **Brain Development** – Through every movement, a baby's brain synapses and the connections between neurons are created and strengthened.
- **Large and Small Motor Skills** – Music & movement activities support stretching, kicking, rolling, crawling, sitting and standing independently and enhance large motor skills; playful activities such as reaching for or grasping objects will aid small motor skills.
- **Social-Emotional Development** – Cuddling, playing, humming, and dancing - Kindermusik activities help build and strengthen parents' relationship with children. Side-by-side play and group dance activities with other parents and children provide the important benefits of safe and early interactions with the wider social world.
- **Musical Development** – Together, parents and babies will explore simple, baby-safe percussion instruments. Throughout hundreds of different Kindermusik music and movement activities, babies receive an early introduction to the songs, sounds, rhythms, and tempos of music from around the world.

COOROY: TUESDAYS 2.00pm (Cooroy Library - Mill Place, Maple Street, Cooroy Q 4563)
