Kindermusik Wiggle & Grow: for toddlers (1.5-3 years)

For your toddler, every day brings new discoveries and opportunities to explore the world around him. *Wiggle & Grow* celebrates the unique joys of your growing child. In this music-filled class, children are encouraged to be creative, to initiate their own ideas and to respond in their own ways, while your active participation gives your little one the security he needs. *Wiggle & Grow* encourages your child to uncover an engaging musical world while building confidence, self-control and communications skills.

What you and your child will experience in Class:

- **Exploration/Instrument exploration and ensemble skill development** – Children will love discovering specially designed instruments, textures, sounds, and movements. Together you will explore the physical characteristics and sounds of age-appropriate instruments introducing beat, rhythm, melody, and ensemble playing.
 - **Vocal play** – Through vocal play, toddlers learn to form vowels and consonants, say words and phrases, and imitate rhythm and vocal inflection. Vocal play is presented within the context of songs, chants, and activities done in class.
 - **Story time and early literacy** – Listening to stories enhances language and speech development and fosters awareness of sounds, teaches use of language and develops pre-reading skills.
 - **Movement Activities** – Participating in a variety of creative movements, from the largest loco-motor movements to the smallest finger plays, helps children develop creativity, coordination, rhythm and neural pathways for learning.
 - **Together Time** – Kindermusik provides you and your toddler with special one-on-one time each week. Class activities and @Home materials give you the tools to make music and memories together in class and at home. Your Kindermusik educator explains how the musically based activities enhance your toddler's complete development.
-
