Kindermusik Sing & Play: for babies & toddlers (10-20 months)

The young child, newborn to age 2, is primarily in a receptive mode of learning. With you there to nurture and engage your child, a Kindermusik babies music class gives your little one the perfect head start, musically and developmentally.

What you and your child will experience in Class:

- **Instrument play.** Age-appropriate experiences with child-safe instruments enhance a sense of rhythm and steady beat, develop a keen awareness of the distinguishing qualities of sound, and encourage spontaneity and creativity.
- **Dance & Movement.** A classroom full of baby and adult pairs dancing together helps a little body develop the muscle strength needed to crawl and walk and helps a little heart to fall in love with the sheer joy of responding to music.
- **Exploration Time.** Your child's natural curiosity will be stimulated in our infant music classes, in an inviting environment of discovering specially designed instruments, textures, sounds, movements, interesting objects, and baby-safe props.
- **Musical concepts.** Even the littlest musicians and their parents benefit from early exposure to basic musical fundamentals such as loud and quiet, musical form, tempo, timbre, steady beat, and more!
- **Together time.** A Kindermusik class is truly the essence of "quality time," offering you a place to create special memories with your child, gain new insights into your child's development, and nurture your child's natural love of music.
- **Tools and inspiration for home.** With your Kindermusik Home Materials, the learning continues all week long with your child's best teacher—you!
